

## Visitation and Welfare

*"I had an experience recently whilst in St. George Hospital after some complex surgery. I had calls from my mates and other Old Boys and visits from old friends from my days at SJC. Believe me, to experience the good feeling you get from this being done to you, makes it all worthwhile. "*

We have set up a register of Old Boy volunteers from all over the country, (see the list below) who will visit or call on Old Boys. You can refer to our list or contact a volunteer who is nearby. Add your name and location to the list as we need Old Boys in your area too E.g. Blacktown, Tamworth, Armidale etc.

There are Old Boys who because of age or disability may be confined to their home or a nursing home and would love to have a visitor or a phone call. Even from someone they might not know shows concern for their wellbeing. You may not be aware how much these visits or calls can mean unless you have experienced it yourself, like I have. At times there is no family or the family are some distance away.

The feedback that I get from Old Boys and their families is " the pleasure that you bring to the Old Boy visited is immense".

We are all united by the same Joey's bond no matter the difference in age or circumstances. Join our list of volunteers and be part of the team.
